

**MOKENA CANC'R
DRIVE NOW ON**

The Mokena campaign for funds to help the American Cancer Society fight cancer began on April 1 and continues thru the month, according to Mrs. R. O. Geuther, chairman. The funds collected in the drive are used locally as well as nationally. Right here in Will County, the Cancer office is serving 300 patients now and about 300 dressings a week are used by some of these patients.

In addition to such local help to cancer patients, the American Cancer Society carries on a great research program. The goal of this research is to find out more about the causes of this disease and to perfect methods of control. In addition, the Society carries on an educational program to give people vital facts about cancer, how early diagnosis and prompt treatment saves many lives.

Volunteer workers for the Mokena area are the Mesdames Lyman Teague, Everett Creer, Donald Ambuehl, Earl Moss, A. Shoop, August Long, Joseph Doyle, Lloyd Leverle, George Bennett, Louis Stanger, Harold Schult, Anthony Dina, Joe Heim, Arthur Jackson, Wesley Cappel and John Ford.

Please give generously when they call at your home. Remember, cancer strikes one in five—Strike Back!

**Hold Lincoln-Way
School Election
Sat., April 11**

The annual election of the Lincoln-Way Community high school, District 210, for the purpose of electing two persons to membership on the board of education, will be held Saturday, April 11. The four regular polling places have been established to accommodate the voters in the three townships. These will be located in the village of Mokena, Manhattan, Frankfort and New Lenox.

J. Earl Robinson of New Lenox and James A. Dixon of Lincoln Estates, are seeking reelection. Both have served on the board of education since the district was organized in 1951. Mr. Robinson has also been the regular secretary for the board.

Saturday, March 21, was the last day for candidates to file petitions for membership, so there will be no contest for the two vacancies. Since the organization on the new community high school district the voters and board of education have favored equal representation from the three townships and the various villages. At present there are two members serving on the board from Manhattan township, two from New Lenox, and three from Frankfort township, however Mokena, Frankfort, and Lincoln Estates are all in Frankfort township. Three of the members are from the rural area and four live in the villages.

All voters in the district are eligible to vote in the election. The polls will be open from 12 o'clock noon until 7 p.m.

**Frankfort PTA To
Hold Dad's Night**

The Frankfort PTA will observe Dad's Night, April 8, starting at 7:30 in the public school. The theme of the meeting will be "Alert!—to Child Development." Mrs. Burton Breidert will say the parent-teacher prayer after which there will be community singing. In recognition of Boys and Girls Week, Mrs. Little, State Visual Aid chairman, will talk on "Your Child Will Grow—But How?" Mrs. Herbert Folkers, legislative chairman, will present the platform and plan for action of the Illinois Council PTA.

Immediately after the program a social hour will be enjoyed, with refreshments.

**Mokena Explorer
Scouts to Hold
Scrap Iron Drive**

The Mokena Explorer Scouts will hold a scrap drive Wednesday, April 8. Anyone who has scrap iron of any kind is asked to please notify or call Frederick Rauch, Jr., Mokena 2681, or have the scrap piled in front of their home.

The money the Explorer Scouts get from this drive will be used for their spring and summer camping equipment.

**Alpine Column of
News Starts Today**

Beginning with this issue of the News-Bulletin a new column will appear, covering the news of Alpine. Our Alpine correspondent is Mrs. Mrosek. **To Celebrate
Easter Sunrise
Service in Palos**

The annual Easter Sunrise service of the Palos Hills will be celebrated Easter morning at 7 o'clock at the Community Center Foundation, Southwest Highway at 127th street, Palos Park. The service has become a tradition of the Palos area, this being the fifteenth year it has been celebrated. Palos Heights Community Methodist church choir will sing the anthem. Mrs. Harold Langdon will be the soloist with Mrs. Robert Gray, accompanist. The participating ministers will be Rev. John W. Dubocq of Palos Park Presbyterian Community church, Rev. G. F. Courrier of Worth Methodist Church, Rev. Eugene Vandoske from Palos Heights, Community Methodist church, Rev. H. M. Finley of Homer Congregational church, Rev. Robert DeMoss of the Orland Park Methodist church and Rev. Paul T. Sanders of the Community Center Foundation.

The preparatory service will take place in the Great Hall of the Main Lodge and the procession to the hilltop where the service will be concluded. It makes a very impressive and beautiful service. In case of rain the entire service will be held in doors. Following the service breakfast will be served to those who care to stay. Reservations for the meal must be made by Wednesday, April 1st. Call Palos Park 780.

The service is open to all people regardless of creed. You are cordially invited. It is a preparation for the Easter service in your own church. The service will be over at 8 o'clock and breakfast follows immediately.

**BOY BADLY
HURT IN WOLF
RD. ACCIDENT**

Miss Marian Senglin, of West Subdivision, Mokena, and Steve Elliott, of North Wolf road, were involved in an automobile accident Monday evening. Both were driving south on Wolf Rd. at about 6:45 p.m. When Miss Senglin stopped to make a left turn at Bryant street, Elliott's car crashed into the back of her car. Neither Elliott nor Miss Senglin were injured, but a boy riding in the front seat with Elliott was badly injured.

Riding in the back seat of the Elliott car was Mrs. Grazzini, a friend of the Elliotts, who had stopped to visit with them while enroute to their new home in California. Mrs. Grazzini's son, Terry, was also in the back seat. Neither was injured in the crash. Riding in the front seat with Steve Elliott was Lonnie Grazzini, 14, son of Mrs. Grazzini, who was thrown through the windshield. He was taken to Silver Cross hospital by Dr. E. J. McMahon of Mokena. His face was badly cut and 19 stitches were necessary. Hospital attendants were not sure whether he was suffering from a concussion, but there was a possibility. Meanwhile his mother and brother are staying with the Elliotts, pending Lonnie's recovery. Mr. Grazzini died about a month ago.

Mokena chief of Police Whitney Carter was called to the scene of the accident and state patrolmen Tribe and Becker also responded to the call. In making his statement to the police, Elliott claimed that bright lights from approaching cars had blinded him, and he did not see the Senglin car making the turn.

The front of the Elliott car was caved in, and the trunk of the Senglin car was badly damaged.

**Edward Geuther, 70,
Dies in Daughter's
Home in New Lenox**

Last rites for Mr. Edward Geuther, 70, who died in the home of his daughter in New Lenox, March 28, were held Tuesday in the Carlson Funeral Home, with Rev. J. Boldt officiating. Interment was in Pleasant Hill cemetery, Frankfort.

Mr. Geuther was born in Frankfort, and was united in marriage with Miss Emma Baumgartner. They made their home on a farm near Frankfort. Following his wife's death in 1919, he and his family moved to Frankfort and made their home with her parents, the late Mr. and Mrs. Fred Baumgartner.

In 1928 Mr. Geuther made his home with his daughter, Mrs. Carl Rang in Joliet. He had been in poor health for a long time, but four weeks ago he became quite ill and went to New Lenox to stay at the home of his daughter, Mrs. Arnold Johnson, who had nursing training. He died in her home March 28.

Surviving, besides Mrs. Rang and Mrs. Johnson, is another daughter, Mrs. Mildred Zusage of Joliet, a brother, Otto, and a sister, Mrs. Mary Fickensworth, both of Chicago, also 9 grandchildren and a number of relatives in Frankfort.

Easter Greetings**Returns to Mokena
After Working Nine
Months in Greenland**

James Murphy, of Mokena, returned March 11 to his home here after spending 9 months in Greenland. He was employed by a contractor who is building air bases for the government, as an electrician in the power house. He plans to return to Greenland May 10.

Greenland, the world's biggest island, comprises 850,000 square miles. It is under Danish control, and lies northeast of the continent of North America. Mr. Murphy left there March 10 when it was 44 below zero, and arrived at Massachusetts airport at 11 a.m. the following day. He took a plane immediately to Chicago. His flying time from Greenland to Chicago was 23 hours.

While in Greenland he lived in army barracks. It was very cold, but there was no dampness, and he did not suffer from colds as he does when here.

They are building a number of bases up there and are near two villages, one an Eskimo village and the other a Danish village. However they are not allowed to go to either of these villages, but in the dead of winter they have seen Eskimos going across the ice on sleds.

Mr. Murphy spent the weekend of March 4 with his wife and children at Hamilton, Ill. where they celebrated his mother's 55th birthday, and his daughter Patsy's 9th birthday.

On March 19 they left on a trip to Tampa, Fla. where they visited with friends for a week.

Yesterday they left by automobile to visit with relatives at Brooktondale, N. Y., and will also visit with Mrs. Murphy's brother at Scotch Plains, N. J. They expect to be there a week.

**Charles Pyle, of
Frankfort, Dies**

Charles Pyle, who lived in Frankfort with his brother for a number of years, passed away in Manteno hospital March 29, from a sudden heart attack. He was born in Princeton, Ill. April 2, 1871 and had never married.

Mr. Pyle is survived by two brothers, Fred and James, and a nephew, Orville Pyle, all of Frankfort. Funeral services were held Tuesday afternoon in the Hirsch chapel in Tinley Park, with Rev. David Munson, pastor of the Frankfort Methodist church, officiating. Burial was in Pleasant Hill cemetery.

**Sangmeister Grand
Opening To Be Held
Saturday, April 11**

**Official Ballot
At Frankfort Twp.
Election Explained**

At the Frankfort township election to be held April 7 the people will be asked, in addition to voting for certain candidates, to vote "Yes" or "No" on an Official Ballot. This ballot, which is of considerable importance, may require some explanation. Voters in Frankfort township are urged to vote "Yes" on this ballot, for the reasons stated below.

The Official Ballot is merely a formality which must be voted on every five years to establish the road and bridge tax rate, which should stand at its present rate of 33 per cent in order to be adequate for the road and bridge requirements of Frankfort township. Five years ago it was voted to increase the rate from .082 per cent to .33 per cent, the rate now in effect. The five years is now up, and if the citizens of Frankfort township do not vote on this proposition again their taxes for these purposes will revert to the .082 per cent, which is entirely inadequate.

It will be seen, therefore that this ballot does not call for an increase in taxes, but only for the maintenance of the present rate, which has been in effect for the past five years, namely, 33 per cent.

According to law, \$29,500 can be levied on Frankfort township but they have never levied more than \$20,000.

Be sure to vote "Yes" on the Official Ballot.

EASTER BAKE SALE
The annual pre-Easter bake sale sponsored by the WSCS of the Mokena Methodist church will be held Saturday, April 4 in the Cooper & Hostert garage in Mokena starting at 2 p.m. Beside the home made bakery goods there will be a fancy work sale and the Senior MYF will conduct a candy and parcel post sale at the same time and place. Everyone is invited to attend the sale.

**PUSH MOKENA
PARK PROJECT**

Tuesday evening a representative group met in the home of Mr. Dean Rueckert in Mokena. Mr. Rueckert is chairman of the proposed new village park for Mokena. Seventeen persons were present, representing various organizations in the village. The group set as their goal to attain this park the raising of \$15,000. It was believed that this goal can be reached if each family in Mokena will subscribe \$30 as a minimum. There are 500 families in Mokena and adjoining area, and while some will be unable to pay the \$30 others will undoubtedly be glad to contribute more, which should equalize it.

This \$15,000 was divided tentatively as follows: \$8,000 for the cost of the land and \$7,000 for drainage, grading, equipment and work on the baseball diamond.

The group set April 9 for a pep meeting to secure volunteer workers to solicit funds for the park. Names of the workers will be announced later. The drive is expected to start April 11.

As soon as the Civic Association's by-laws are altered, a board will be created to consist of representatives from each organization in Mokena and area. This board will then name a committee which is to administer all park activities. The committee will have supervision of everything that goes on in the park.

Present at this meeting were Roy Hoohehan, Clarence Lauffer, Roy Richardson, Henry Clark, Marion Owen, Mrs. Roy Erdman, Garret Swart, J. Scott Perry, Lyman Teague, Rev. William R. Lyman, Harley Mann, Mrs. W. H. Pittman, Mr. and Mrs. Charles Swanberg, and Mrs. Dean Rueckert.

free competition, which now is being tried, will ultimately reduce the cost of foods.

Be Patient
There will be a lag between the wholesale price drop and the retail prices. In Florida I own a cattle ranch. Steers which sold on the hoof at thirty cents a pound two years ago now sell for ten cents.

Cows which then sold at \$200 can be bought for \$60.

Readers wonder why the retail price of beef is still high. The answer is that the beef now in the stores for sale was purchased by the packers at high prices. We must wait until this high priced beef is eaten before the retail price will drop further. This may take four to six months. The same principle applies to many foods.

Advice About Home Freezers

Deep freezers are good for the home and good for the nation as a whole. These, however, should be filled intelligently. To get the most from buying in quantity, the family should give real study to seasons, crop reports, and other factors. The first verse of the third chapter of the Bible Book of Ecclesiastes gives good advice to those who buy food for storing.

We should buy in quantity when beef, fruit, vegetables, etc. are cheap; but we should also consider quality as well as price.

It is wise perhaps to buy some meats now; but wait before storing beef.

Political Aspects
While such lower food prices please city dwellers, falling prices cause much grief to millions of rural families. Cattle-men are now taking big losses. City folks laugh about the dairy mess and similar mistakes, but they all have a sad human side of grief, loss and disappointment. Let us be sympathetic with all unfortunate rural people.

President Eisenhower is getting thousands of letters every day from honest, hard working farmers who are being "ruined." This probably accounts for his urging Secretary Benson to "go slowly." Otherwise, he may fear that the Republicans will lose control of Congress in 1954. Customs which have existed for twenty years cannot be corrected quickly. The same principle involves tariff changes.

Radio Market News
Radio news of wholesale farm prices is good for the farmers, fruit growers and others; but such news does not help the housewife much. Hence, newspapers could help consumers to interpret properly the valuable food advertisements in their papers by reporting weekly the amount of fresh, canned and frozen food products on the market.

Every housewife should carefully read all advertisements, especially the ads of the reliable super markets. How to study local advertisements is a work which Women's Clubs should take up.

Farmers Need Self-Control
Don't blame salesmen of fertilizers, seeds, farm machinery and real estate for urging farmers to produce more. Yet, the fact that some farmers have not the good sense and self-control to properly weigh such sales talks is one reason for their troubles today. It might be a good idea this year to devote the State Agricultural Fairs to teaching farmers some simple economic truths.

Neither farmers nor consumers can depend upon most politicians for honest advice. This applies especially to the promoters of certain unneeded irrigation projects. Farmers could get into the same box in 1954 that Wall Street speculators got into in 1929, because every farmer is forced to speculate on weather and other unpredictable factors. Another thought: Buy things from your local stores, and if possible, buy home-made products. If farm organizations would teach sane economics, there need be no more "Butter Scandals" and the entire dairy industry would ultimately benefit.

To Friends and Citizens of Bremen Township:

Serving you as Township Collector for the past four years and for twenty years prior thereto as Township Assessor as well as Republican Committeeman has given me great pleasure and I wish to take this opportunity of thanking all of you who have elected me to these offices and who have thereby put their faith in me as a public servant.

During my twenty years as Republican Committeeman I was able to serve you by securing information and favors for many who called upon me and it was my pleasure to do so without remuneration.

During my tenure as Committeeman I did not interfere in school board elections as I have always been of the opinion that politics and schools do not mix, nor did I promote any ticket in village elections as I have always felt that local citizens are best qualified to select the officials of their respective villages.

And now that I am not a candidate, but still a Republican, I wish to again thank you all for your support and cooperation and it will please me if you will, at this time, support the candidates on the Citizens United ticket, whom I heartily endorse as well qualified men to carry on the duties of elective officials of Bremen township.

Rainbow Council of Boy Scouts to Give Scouter's Banquet

The annual Scouter's Appreciation Banquet of the Rainbow Council, Boy Scouts of America will be held April 7 at the Harwood American Legion post hall in Joliet. Paul Mapes is banquet chairman.

Over four hundred scouter, and their ladies are expected to attend the banquet and witness the awarding of two Silver Beaver awards to men of the area for distinguished service to boyhood. The Silver Beaver award is the highest award that can be presented to a scouter on a council level. There will also be eight statuettes awarded to scouters for their outstanding work in scouting. President's awards for unit scrapbooks, district attendance award, and recognition of scouters that have qualified for the three year training program will also be featured.

Mr. C. M. Finnell, deputy regional executive from the Region 7 office of the Boy Scouts of America will be the speaker of the evening. Finnell was the Boy Scouts of America's representative to Japan for four months last year. He will speak on "Scouting in Japan."

Introduce Bill To Consider Return To Gold Standard

A bill which would create a monetary commission to explore the possibilities of a return to the gold standard has been introduced in the House of Representatives by Congressman William E. McVey (R. 4th Ill.).

Although other bills providing for an immediate return to the gold standard are under consideration it is felt that the McVey bill (HR 4036) will be strongly supported because of the provision for a thorough study which should indicate safe guards which should be used in the case of such action by the government. A favorable report by this commission would greatly strengthen the support for legislation which would make the change possible.

Our Living Lord

Lesson for April 5, 1953

WHAT does Easter mean? It is a question we may well ask ourselves each year. The visitor from Mars might have a hard time answering the question for himself. He would see Easter sales advertised in the department stores and he might think Easter was a name for a special kind of bargain. Or he would hear about an Easter parade, or he would look at one, and he would conclude that Easter is a time mainly for showing off new clothes. Or on a college campus he would hear about the Easter vacation, and he might suppose that it is just a name for a holiday from work. Then he might come on a flock of children hunting for Easter eggs, and he would suppose that Easter meant "gaily colored." As a matter of fact, even if he went to church, he might get strange ideas about what Easter means.

Springtime And Roses

To hear some people talk—yes, and even some sermons—one might fancy that Easter is a festival to remind us all of springtime. To be sure, nature reminds us in many ways. The days grow longer, the nights shorter; flowers begin to scatter over the hill-sides, the grass grows greener every week.

Dr. Foreman

In the far northern states there are heavy thaws, more snow melts than falls. In the far southern states warm weather has already come, the roses are in full bloom, visitors from the north are coming down to look at the famous gardens in Charleston and Mobile and other places.

Is Easter just a way of celebrating springtime in church? The birds, the roses, the Easter music—are they all alike the signs of spring? Is Easter a symbol of the resurrection of dead nature, is Easter a sign that nature never really dies, that warmth follows cold, that when winter comes, spring is not far behind? No, this is not it. For if this were all, then when the last winter comes, when the whole earth grows cold—or perishes in collision with some flaming sun—when what becomes of spring? No, all springs will end some time, when the world ends. Easter celebrates something that will outlast all the springs of this world.

Life After Death

Listen again to the talk in church, to other sermons, closer, much closer to the Easter truth than all the talk of springtime and roses. You will hear much said about immortality, about the life beyond this life, about the "beautiful isle of somewhere." Easter, it is said, is to remind us that we are immortal souls; that beyond this life is another one, that no soul ever dies.

Well, it does remind us of this. But suppose that were all? The mere belief in immortality is not by itself religious. Look: nearly everybody around you believes he will be living tomorrow. Does that make everybody religious? You know it doesn't.

Now suppose everybody believed he would be living, somewhere, somehow, a thousand years from now: would that make everybody religious? Of course not. Suppose it is true that no soul ever dies? That may well be a horrible thought. There may be (and most Christian churches believe sadly that there are) persons long since gone from this world to hell, who cannot die but who wish very much that they could.

Immortality, Christians believe, is a fact; but believing in that fact alone, all by itself, is not necessarily religious and it may be no comfort at all. Easter must mean more than this!

Lord Of Life And Death

The real meaning of Easter cannot be expressed by any sentence that leaves Jesus Christ out. Easter celebrates this: He is risen, Christ is risen indeed. This means, of course, much more than that once upon a time there was a man in Palestine who came back to life after being dead some 36 hours.

What we Christians mean by it is that the same person we call Teacher and Master and Saviour and King is the Lord of life, of life itself.

Increase Infant Welfare Service For Tinley Mothers

The Cook County Health conferences are still popular with new mothers.

Tinley Park is privileged to take advantage of medical services made available by the Cook County Health Dept. All mothers should take advantage of this service which renders post-natal care up to school age without cost.

Attendance by mothers has become so large that two sessions are necessary. The morning session, from 10 o'clock to 12 noon is attended by Dr. Frank Rosen, Pediatrician of Home wood. The afternoon session is from 1:00 to 3:00 pm. and under the direction of a Physic supplied by the Cook County Health Dept.

The expense of the extra doctor was formerly supplied by the generosity of the Tinley Park organizations through contributions. Now however, Tinley's support of the Community Chest makes it possible to continue this service from "Chest" funds.

The Infant Welfare meets the second Friday of the month, which makes the next date April 10 at the VFW hall, through the generosity of the VFW.

To avoid congestion and undue waiting, a system of appointments has been arranged. Where ever possible mothers are urged to make appointments by phoning Mrs. Reder at Kellogg 2-2634 indicating their choice of morning or afternoon session. If appointment has not been made, attend anyway, as none will be turned away.

All non-professional work is volunteer and more such workers are needed. Offer your services now.—Mrs. A. M. Reder, chairman.

THE INQUIRING REPORTER

Question, What influence in world affairs do you think the appointment of Malinkov will have?

William Houle-Adjutant of Tinley Park Post 2791, VFW, 6649 Ravinia Dr.

My opinion is influenced by the experience of elderly men of my acquaintance, who have lived under Russian domination until recently. They're feeling that the appointment bodes no good for our democracy. Due to the fact that Malinkov has never experienced the freedom of free living, that Molotov and Vichinsky have, in their capacity as delegates in the U. N. Malinkov in his 52 years, has never left Russia. He is a completely ruthless and slightly sadistic character.

LINCOLNWOOD HILLS

Anne Halik & Dorothy Owen
5324 5233

The Community club meeting which was held March 27, was a very nice gathering and all present enjoyed themselves.

We are happy to hear that the St. Jude school bus will continue picking up our children.

Congratulations to Mr. and Mrs. Claude W. Clay on the birth of their baby boy born March 23, he weighed 6 pounds, and 8 ounces and has been named Claude Willson Clay, Jr.

Mr. and Mrs. M. Murdock returned to Lakeland, Fla., March 27. They came home the long way through North and South Carolina, Pittsburgh up through the Canadian side and through Detroit and then home, to good old Lincolnwood.

Mr. and Mrs. Stoner returned from their vacation Saturday. Chuck Miller and sons visited

their home in Lincolnwood Sunday. Mrs. Miller was unable to come with them due to the fact that she accidentally fractured two ribs last week, and finds it difficult to get around.

The new gravel that has been put on our roads has made driving in the subdivision a lot easier. Many thanks.

Mr. and Mrs. Walter Thode and daughter Louise visited with his cousin in Forest Park Saturday.

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

John Janulis Reed Williams and Tommy Cripps were the top three in three spelling try-outs at Maue school recently. John and Reed will compete in the Orland township spelling contest to be held in Orland Park, March 31. Tommy will alternate if necessary.

Photographs were taken of the children at Maue school Friday. Pictures will be sent home

for the parents approval in two or three weeks.

Mrs. Chester Williams, Mrs. Melvin Purzee and Mrs. Edward Mrosek attended the South Cook County PTA counsel in Midlothian, March 17. Dr. Hall, director of the Cook county department of public health, conducted a question and answer period regarding the curtailment of public health service to public schools. It appears that school administrators and PTA group will have to take over most of the responsibility of providing the necessary health services to their schools.

MM model 11A disc harrow turns in as small a radius as any row-crop tractor. Tension springs hold the gangs in a level position so that the harrow penetrates to a uniform depth over its full width. With this construction the harrow is flexible for good work on uneven ground, and one side or the other does not dig in on turns.

Ease of angling is another outstanding feature. A touch on MM's new hydraulic control, called Uni-Matic Power, makes adjustment of disc angle on the go a simple matter. If your old harrow needs replacing, drop in to see us. We think MM harrows offer you the most in good performance, economy, and dependability.

Paper, Scrap Drive

The citizens of Mokena and vicinity responded splendidly to the paper and scrap iron collection with which Scout Troop 40 will buy necessary camping equipment. The large trailer truck was loaded to the ceiling

and doors with paper last Saturday.

The boys and their leaders regret they were unable to reach all the homes. This was in part due to the time consumed in bundling the paper and lack of storage space. There will be another collection in about three weeks and citizens are requested to hold their paper until then.

As to scrap iron, there will be an accumulating pile on Front and Mokena streets up to next Saturday. People who have some scrap iron to donate are requested to call Mr. Gerrit Swart for a pick up or, better, bring it to the scrap iron pile.

INSTALLED IN A SEPARATE MILKING ROOM...

Milking 30-35 cows per hour per operator is common practice in many dairies using the De Laval Combine Milker installed in a separate milking room in connection with either a loose housing or stanchion-type barn. Stooling, squatting, walking from cow to can and carrying milk are eliminated.

OR IN YOUR DAIRY BARN OR MILKING SHED

Dairymen are enthusiastic about the wonderfully efficient results obtained with the De Laval Combine Milker installed in the barn or milking shed. One man milks 50 or more cows per hour. The teat cups are moved from cow to cow and the milk is conveyed through sanitary pipe to the milk room.

...and Handle Your Milk in Any of These Three Ways

Run Directly into Cans... Most Combine users have installations which automatically filter the milk and fill the 40 qt. cans in the adjacent milk house. Carrying and pouring are eliminated.

Aerate, Cool and Can... In some sections, such as California, the installation is arranged to filter and convey the milk and discharge it over a surface cooler, thence into the 40 qt. cans.

Discharge into Farm Tank The De Laval Combine discharges the milk into the refrigerated farm tank, from which it is either "canned off" or pumped directly into the milk tank truck.

APPROVE VOTE ON MOSQUITO ABATEMENT DIS.

(CNS) County Judge Edmund K. Jarecki has approved the final canvass on the November 4 vote for the South Cook County Mosquito Abatement district and appointed the first five trustees for the newly formed organization.
The final vote on the proposal to establish the district was 140,976 for and 86,383 against in the 568 precinct and election districts voting.
The canvass had got off to a bad start on November 7 with a host of tally sheets missing. They were finally brought in and tallied against ballots that were, in some cases, lodged in ballot boxes that had been stored away.
When the cloud of confusion cleared, Judge Jarecki approved the final count and appointed these men as trustees:
1. Clarence Bobbe, 8824 Constance ave., Chicago, an industrial chemist, specializing in petroleum, with the Witco chemical Co., and also a member of the South Shore Valley Community Association.
2. Jack L. Kitch, 12501 S. 89th ave., Palos Park, the owner of a Loop brokerage firm bearing his name. He was said to have had sanitation experience in army service.
3. Henry S. Dybas, Hazelcrest, an entomologist (one who studies insects).
4. Donald O'Toole, 1235 Braeburn, Flossmoor, a banker with the Pullman Trust and Savings bank in southeast Chicago.
5. Edward J. Czarnetsky, Palos Heights, chief biologist for Wilson and Co., instructor of biology at the University of California, 1930 to 1933; chief of a hospital sanitation department from 1933 to 1934; associated in research at the University of Pennsylvania, 1934-38, and author of more than 40 publications on the subject of general economic biology.
Bobbe, Kitch and Dybas will serve until the second Monday in December, 1954, and O'Toole and Czarnetsky will serve two years longer until the second Monday in December, 1956. Thereafter successors will be appointed by the County Judge then sitting as required by law.
The first five trustees, Judge Jarecki said, had been submitted to him by the advocates of the abatement district and he appointed them immediately on the face of their high qualifications. Statute requires that the appointments be made within 10 days of the date the final canvass of votes is certified.
First step for the new trustees, according to attorney for the advocates of the district, Jack Segal, will be to determine a budget. Next will be to determine what part of the maximum allowable 1-4 mill per \$100 assessed property valuation should be levied against district property owners to produce the funds budgeted.
The rate will then have to be certified by the County clerk who will do his own figuring to decide what rate is needed.
Attorney Segal pointed out that the DesPlaines Valley Mosquito Abatement District, lying immediately north of the new South Cook County district, has never had to levy the maximum 1-4 mill to produce its needed funds.
Meanwhile, attorneys for Chicago property owners who opposed the establishment of the district from the very beginning have said they will continue to the bitter end and will exhaust all legal remedies to try to have the district abolished.
Attorney John F. Tyrell, representing the Chicago property owners, had filed a petition for a writ of certiorari in Superior court before the election. He lost a battle for an immediate hearing and to halt the election, but the writ is still pending before Judge James J. McDermott, chief justice of the Superior court.
Tyrell has been ill with the

flu for nearly a month. However, his associates in the mosquito abatement litigation, Attorney Lawrence McGann, said Thursday that they will make a motion to have an early hearing on the petition for the writ of certiorari, possibly next week.
If the writ is not assumed by the court, said McGann, there are several other legal remedies that could be sought by the property owners. The most obvious of these, he said, is a contest of the election. McGann reaffirmed Tyrell's earlier statements that they will pursue the case to the Illinois Supreme court if need be.
The five trustees of the district will serve without pay. Attorney Segal said that they had been selected by sponsors of the district from among the qualified persons who had been in the fight for the district from the beginning.
The new district will extend from 87th street in Chicago on the north to the southern limits of Cook county and to the Lake on the east and the county limits on the west.

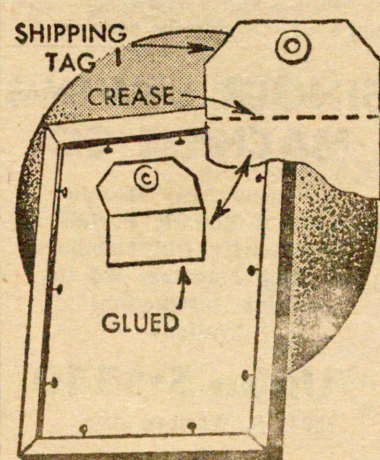

Leader Training Course Offered

The Chicago Committee for The Great Books will sponsor a tuition-free leader training course. The sessions, which will be conducted by staff members of The Great Books Foundation, will be held at University College, 19 South LaSalle street, every Friday for ten weeks, beginning April 10, from 7:30 to 9:30 p.m.
Any adult, regardless of formal education, interested in leading a Great Books Discussion Group may register for the course. To enroll call or write the representative of the Chicago Committee for The Great Books: Miss Natalie Wells, 59 East Monroe Street, Dearborn 2-5870.

This course is to train individuals in the theory and techniques of leading a group of neighbors, friends and co-workers in a discussion study of The Great Books. The classes will include demonstration and practice discussions of works selected from The Great Books reading lists. The Declaration of Independence is studied; so is Rousseau's Social Contract. Aristotle's Politics and Shakespeare's Hamlet will also be discussed. Those who attend the series will become leaders of Great Books Discussion Groups organized in local communities throughout the city and suburbs.

How to Hang Small Pictures
AN EFFECTIVE way of hanging small pictures is illustrated. Take a shipping tag, cutting and creasing it as indicated. Glue it to the back of the frame,

taking care to fasten the tag so that the picture will hang straight. This is a simpler method than using eye hooks and picture wire and will be just as satisfactory. (Illustration courtesy Popular Mechanics.)

Story of Hardwoods Told In Exhibit At Science Museum

The story of hardwoods from tree to finished products is told in the latest exhibit at Chicago's Museum of Science and Industry 57th and Lake Michigan.
Entitled, "A World of Hardwoods", the exhibit, valued in excess of \$350,000 and two years in the making, opened to the public on Friday, March 20.
Comprising one of the largest exhibits now in the museum and covering 10,000 square feet of floor space, the industry wide

educational display was made possible by all segments of the hardwood industry working together to produce a detailed story on how hardwoods serve the public.

The 11-B Disc Harrow
Today's intensive farming... with its high-yielding crops and heavy residues takes a heavyweight harrow. It takes weight to slice through these larger stalks, bigger roots, more plants per acre... to bury the trash, pulverize and mix the soil.
The new heavyweight 11-B Double-Action Disc Harrow is made to order for such tough discing. Performance will prove it in any field of heavy corn or cotton stalks.
Here is a disc harrow with all the modern features you want... plus strength, ruggedness, instant penetration, and uniform work. Rear gangs trail around turns without gouging. Sizes to fit your power — 5½, 6, 7, and 8-foot. See us now!

As a reminder, get your contribution of eggs for the Old Peoples Home, to the Orland Methodist church before the end of this week. Gathering of eggs during Lenten season is an annual affair of the members and friends of the church.

Frank W. Sanders, son of Rev. and Mrs. Paul T. Sanders, of Palos Park, will be united in marriage to Miss Blanche Barrs of Charleston, South Carolina, April 17. The wedding will take place in the chapel of the Naval Base in Charleston with Rev. Paul Sanders officiating. Frank, personnelman third, is assistant to the chaplain of the 6th Naval district.

There will be services in the Orland Park Methodist church on Good Friday at 7:30 p.m. Sun rise services at 7:00 a.m. Easter Sunday. A breakfast will follow the services. Mrs. Howard Cooper and Mrs. Harvey Cooper are in charge of breakfast and would like to have reservations made with them for the breakfast. Easter services at 10:30 a.m. Friends are most welcome.

The following past presidents of Orland Park unit 526, the American Legion Auxiliary, attended the Past President's Parley dinner, March 25 at Calumet Legion club rooms: Edna Doctor, Charlyn Driscoll, Lillian Knox, Emily Zerbs, Elsie Robson and Lilah Kruspe, 8th district director. This is an annual affair when the past president's contribute toward the maintenance of the Vet Craft home.

Mr. and Mrs. Richard Pihl are the parents of a baby boy, born Thursday, March 26, in Silver Cross hospital, Joliet. The infant weighed 7 lbs. 14 oz. and has been named Robert James. The grandparents, Mr. and Mrs. Harry Pihl are happy, as baby is their second grandson.

Mr. and Mrs. Norman Yunker are patients at St. Francis hospital, Blue Island suffering with the flu. They are expected home this weekend.

Earl (Barney) Moore who has been a patient at Little Company of Mary hospital expects to be home this week.

Mrs. Robert Horn entertained her bunco club last Tuesday afternoon.

Mrs. Walter Yunker and Mr. and Mrs. Arthur Oakes of Chicago spent the weekend with Mrs. Minnie Hoeft, mother of Mrs. Yunker at Newago, Mich. They helped her celebrate her 76th birthday anniversary.

Mrs. Gustie Hallinan returned Wednesday evening from a two week's stay at Wedron.

Mrs. John Rothenberger celebrated her 80th birthday, March 20. Friends and relatives called on her in the evening and enjoyed refreshments, and friendly chats.

William Schmidt celebrated his birthday March 29 as a dinner guest at the Lloyd Warning home in Mokena. His daughter, Mr. and Mrs. James McClaughry of Chicago were also guests, as well as relatives from Mokena. This was a double affair, as Mr. Warning also celebrated his birthday.

The Orland Park Fire Dept. was busy Sunday extinguishing two grass fires. One was in the forenoon in Palos near the riding academy, the other in the afternoon at 144th and Beacon St. No damage done.

Use a JOHN DEERE-VAN BRUNT Grain Drill

Bumper, bin-bulging yields are born at seeding time . . . better stands, more even ripening of grain are the result of accurate drilling at even depth.

Accurate, uniform seeding is yours in a John Deere-Van Brunt Model "B" Grain Drill. Adjustable-gate fluted force-feeds drill all seeds in any desired quantity per acre. Spring pressure on the furrow openers

always remains uniform because it is applied with jackknife effect. What's more, you can drill faster with a Model "B," too, for low-wheel construction provides a shorter seed drop . . . makes possible accurate drilling at speeds up to six miles per hour. See us for complete information about this faster, more accurate grain drill.

IN MEMORIAM

SORENSEN, Mira.—In loving memory of our dear wife and mother who passed away two years ago March 30. Deep in our hearts, a memory is kept. Of one we loved and will never forget.

LOVING HUSBAND, DAUGHTERS and SON**IN MEMORIAM**

NEWTON, Roy H.—In fond memory of our dear husband and dad who passed on, one year ago April 1. You will live in our hearts always.

WIFE and CHILDREN

Mrs. Margaret Bechsten returned Monday after a month's visit with friends in California. She reports having had a delightful time and was privileged to see and visit many places in the state.

Mrs. James Murphy was sponsor for her niece Helen Marie when she was confirmed in the Tinley Park Methodist church last Sunday morning. A dinner was served in the home of the confirmant's parents, Mr. and Mrs. Russell Bettenhausen. Barney Hostert returned home Tuesday from Silver Cross hospital where he was a surgical patient.

Donald L. Bixer, son of Mr. and Mrs. T. G. Bixer of Mokena, is serving aboard the heavy cruiser USS Newport News as electrician's mate third class. This ship is now in the Mediterranean sea and has visited in North Africa and the French Riviera.

The next monthly meeting of the Holy Name society St. Mary's parish, Mokena, will be at 8:00 p.m. Thursday, April 9, in the school hall. Father Freitag and the past officers of the society will be honored. Gifts will be presented to them as an acknowledgement of their services to the parish for the past year. All members, and any other interested men, are cordially invited to attend.

The following young people were confirmed at St. John's church, Mokena, and received into the church on last Sunday. Susan Benson, Ted Dunham, Tommy Dunham, Darrell Erickson, Phyllis Hacker, Arlene Keuch, Edwin Martie, Duane Maue, Jeanne Schiek, Richard Tomas and Carol Tribble. These will receive their first communion on Maundy Thursday and they will be the honored guests at the Easter breakfast.

New officers were elected at the regular meeting of the William Martin VFW Post March 26. They are Arthur Hurley,

commander; Irvin Friant, vice commander; Wayne Raiser, junior vice commander; Marshall Muller, quarter master; Irvin Howes, chaplain; Glenn Peterson, advocate and F. C. Raiser, trustee.

Mrs. T. Arthur Shoop was called to the home of her mother Mrs. Moore, at Ashton, who suffered a stroke and was removed to a hospital there.

Mr. and Mrs. Walter Yunker who flew to California March 18, returned also by plane last Wednesday. While there they visited with their son Ralph who is a metal smith in the navy air corps at Monterey, and helped him celebrate his 21st birthday. They also visited with Don Heyden who is also a metal smith at the navy air corps base at Alameda; and with Mr. and Mrs. Carl Wolters. They visited many other places of interest.

Donald Olson, son of Mr. and Mrs. Walter Olson, left Monday for Norfolk, Va. after spending 10 days at home.

Jack Martie enjoyed last week end with his parents. He is stationed at Ft. Sill, Okla.

Jack Bueschel and John Ellis who left last week for the service are both stationed at Ft. Breckenridge, Ky.

Mr. and Mrs. Andrew Bueschel entrained for San Francisco, Calif. last week from where they sailed for Honolulu, Hawaii last Saturday. They expect to land there today and will spend a month with their grand daughter Donna and friend who are living in Honolulu. On their return, the Bueschels will spend several weeks in California with friends and relatives.

Gunther Thiel spent the week end with his parents, Mr. and Mrs. Ludwig Thiel enroute from his station in Texas. He will sail Sunday for service in France.

Guests Sunday of Mr. and Mrs. Gordon Bruce will be her parents, Mr. and Mrs. Otto Schaffner, Miss Helen Schaffner and Mr. and Mrs. John Simes and daughter all from Chicago.

Mrs. Hugo Niethammer will entertain her Sunday school class of the Methodist church at a breakfast in her home Sunday at 6:15 a.m. They will be Darlene Christensen, Shirley Peterson, Sue Ann Shoop, Billy Sayers, Jim Roberts, Michael Werner, Tom Ricketts, Carol Fassett and Gerriann Hull. They will all attend the sunrise services at the Methodist church at 7:30 a.m.

Mr. and Mrs. John Martin will be dinner guests Sunday of Mr. and Mrs. Edward Schmidt.

Mr. and Mrs. John Martin spent last Wednesday in Chicago Heights with their brother in law, William Hartwig, and daughter, Mrs. Marie Marts. Mr. Hartwig who suffered a slight paralytic stroke a few weeks ago, broke his shoulder recently in a fall in his home.

our **42nd** anniversary

a time to look back

a time to look ahead!

From our first savings account holder in 1911 to a "Landmark for Savings" in 1953 . . . Harvey Federal Savings and Loan has continuously served you and your neighbors.

looking back—1911 to 1953

Harvey Federal Savings was founded in March of 1911—by the end of the year, assets totalled \$3,482.57. Four years later when Harvey, Illinois celebrated its 25th anniversary, there was a total of \$28,409.70 in assets. John Bardwick, Jr., President of Harvey Federal Savings today, joined the Association as the Managing Officer on January 1, 1930. Four years later under Mr. Bardwick's management, Harvey Federal Savings was granted Federal Charter No. 369 and its accounts received FSLIC insurance. By Harvey Federal's 25th anniversary in 1936, \$944,327.66 was held in savings and investment accounts. Thus, through all its 42 years of service, Harvey Federal Savings has continuously grown to meet the needs of the community.

looking ahead—

Today, Harvey Federal Savings has 10,516 savers whose savings accounts total an all-time high of \$7,776,961.02. And these savings and investment accounts are now earning the highest dividends in years. Last year alone, \$144,835.01 was paid out in dividends. As we think of tomorrow, we at Harvey Federal Savings and Loan plan for consistent expansion, always providing friendly financial service through the promotion of thrift and home ownership.

Public Service Now Division of Edison

Merger of Public Service company of Northern Illinois into Commonwealth Edison company was approved by stockholders of both companies at special meetings today. At the Edison meeting, stockholder representation in person or by proxy of more than 87%, was the largest in over 25 years.

Edison stockholders elected thirteen Public Service directors to the Edison board.

Public Service, formerly a subsidiary now becomes a division of Edison. The merger involves no changes in personnel or operations.

Willis Gale, Edison chairman, said the merger is the final step in a program of corporate simplification and integration which has been going on for 15 years.

Consider Licensing Coin Vending Machines

(CNS) The county board of commissioners Tuesday passed a resolution to introduce a bill in the state legislature which would give the county permission to establish license fees for coin vending machines in operation in unincorporated areas of the county.

Machines in Chicago and with in the limits of incorporated towns and villages would not be affected by the legislation. No fees were specified in the resolution.

10-Man Committee Tackles Problem of Financing Highway

(CNS) The thorny problem of how to dig up the necessary money to keep the county's basic superhighway system in construction was tackled at the first meeting of a citizen's committee appointed for that purpose.

The meeting took place Monday, April 23 in the county highway department's loop offices.

County Board President William N. Erickson, who appointed the committee of 10 men, presented the problem: Where or how can we get \$100,000,000 additional to complete the seven expressways set up as a minimum in 1946 to handle growing volume of traffic. The \$100 million, he said, is only Cook county's share of the system's cost.

In 1946, a committee planned as the basic necessary express system these seven routes: Northwest expressway; Edens highway; Congress superhighway; Southwest expressway; Calumet expressway, the Tri-State expressway, and the South route expressway. At that time Erickson said, the county could afford only \$70 million in bonds as part of the \$108,000,000 expected cost. Eight million more was on tap to be used for the basic system.

Since 1946, however, the costs of construction rose so sharply, that now, to complete only the basic system, another \$100,000,000 will have to be found by the county to pay its share.

Of the originally planned system, Edens highway is now complete. Congress street (from Sacramento blvd. to Austin in the city and from 1st Ave. in Maywood to the county line) is taken care of within the \$70 million originally provided by bonds. The Calumet expressway, from 130th st. to the Tri State expressway at 171st st. is done, and the Tri state expressway from that point to the Indiana line is completed.

Remaining to be planned and financed are these projects: Northwest expressway (except for \$7 million in right of way costs, which have been taken care of in the original \$70-million.)

The Southwest expressway and the South expressway, from Calumet expressway west to

Governor's highway, except for right of way funds for that project. The right of way is included in the \$70 million original funds.

William J. Mortimer, acting superintendent of county highway department, pointed out the growing need for the basic system of superhighways. Edens highway, he said, was anticipated as the route for about 32,000 motorists daily, but up to 50,000 cars a day have used it and the average is rapidly climbing to 40,000 a day.

Editor Age 11, Gets K310 Lowdown

Readers of the "Tiger Times" circulation 13, read an exclusive interview their 11 year old editor got from two automotive executives who visited New Orleans last week.

Young Editor Bill Reeves, who publishes a weekly one-page newspaper, bearded Chrysler Corporation vice presidents A. vander Zee, vice president in charge of sales, and James C.

Zeder, vice president and director of engineering and research, at the opening of Chrysler's "New Worlds in Engineering" exhibit in the Crescent City.

Reeves questioned the auto leaders on the possibility of Chrysler mass producing the advanced design K-310 "idea car" one of the features of the traveling engineering show.

Reeves, a sixth grader at the MacDonald school, is the son of Dr. and Mrs. Richard E. Reeves, of 3336 Esplanada, New Orleans. He publishes "Tiger Times" every Wednesday. Copies are distributed free to members of the "Tigers", a YMCA club.

"Since I can't type good," Editor Reeves admitted, "my mother types the paper, but I write all the stories."

Mr. vander Zee and Mr. Zeder told the young editor that the K-310, unlike other experimental publicity cars, could be mass produced tomorrow if a decision were made to manufacture it.

Reeves' comment in the "Tiger Times" about the K-310: "It's a dream car."
